

# SNAP-ON® AUTOMOTIVE SCANNER DIAGNOSTICS CERTIFICATION

## BUILDING TOOLS FOR LIFE

Built on the foundation of the most trusted brand in the industry, Snap-on provides the essential **TOOLS FOR LIFE** that shape the future of tomorrow's workforce — certification programs, industry-supported curriculum and hands-on training with Snap-on products.

Today's vehicles require computerized diagnostics to properly identify problems. As the leader in aftermarket automotive diagnostics, Snap-on has developed rigorous classroom training and advanced lab exercises to master this powerful diagnostic tool.

The majority of technicians utilizing scanning equipment know only 20 to 30 percent of the tool's capabilities. When you complete your certification you will not only leave as a scanner power-user, but have real world lab experience.

### COURSE CONTENT INCLUDES:

- Scanner controls and navigation
  - » Engine, transmission, ABS and more
  - » Menus, capabilities, configured settings
- Vehicle communication software
- Cause and effect
- Component test meter navigation
- Vehicle ID specification
- Navigating ignition scope options
  - » Set up and navigate lab scope
- Troubleshooting techniques
- Hands-on operation of:
  - » ETHOS® — build basic diagnostic skills, including capturing VIN-specific codes and data.
  - » SOLUS Ultra® — use a full range of scan tool functions, with high-resolution data graphing, detailed code definitions and OEM-specific coverage.
  - » Vantage PRO® — enhance component diagnostics abilities using this high-speed oscilloscope and graphing multimeter.
  - » VERUS PRO® — brings together a scanner, oscilloscope and troubleshooter with Windows operating system. Manage the job and shop with one system.

Receive an official NC3 certificate for proof of achievement providing third party stackable credentials that can offer enhanced employment potential and higher productivity on the job, in industries such as:

- Automotive Repair
- Fleet Maintenance
- Small Engine
- Racing
- Light Equipment

### ADDITIONAL SNAP-ON CERTIFICATIONS:

- Diesel Scanner Diagnostics
- Mechanical and Electronic Torque
- Multimeter
- Wheel Service and Alignment
- Asset Management
- Horticulture
- Building Performance (Fall 2013)
